

FRANCE

Diverse congregation

The Mennonite churches in France are made up from people from around the world. Fill up the church house with children from Africa, Asia, Europe, and Latin America.

Giving project display idea

Copy and cut out the train pieces. Children may want to color in the shapes and add peoples' faces in the passenger car windows. Tack the train pieces up on a bulletin board or tape onto a wall. For every \$5 raised, add another car to the train.
