

Building bridges of peace in **SOUTH KOREA**

Giving project display idea

Make copies of the front and back of this sheet. Cut out several painting pots and a number of brushes. Make a slit in the top of the pot along the dotted line. Children may color the pots and brushes to make them colorful. For every **\$10** collected, add another brush to the painting pot. A full painting pot equals **\$100**. This represents the art material used by the children at the Northeast Asia Youth Peace Camp.
